DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5, 8, 10-19, and 21 have been allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The prior art of record issued to Rappaport, Stilp, and Labedz either alone or combine fails to teach or suggest a method of deploying a fixed wireless access communications network wherein a specified level of link performance is maintained, the network comprising of fixed base stations and fixed subscriber stations, wherein a proposed change is requested comprising the addition of an additional subscriber to the communication network after the fixed wireless network has been deployed, selecting a chosen base station, selecting a communication channel, determining the link performance, and effecting the proposed change if each of the determined levels of link performance are greater than the specified level of link performance as cited in claim 1, and similarly in claims 17 and 18 for its corresponding computer system and computer program stored on a computer readable medium and its corresponding method as in claim 21 as well as a fixed wireless access communications network as cited in claim 19 wherein locations of the base stations are selected according to a fixed frequency plan, and each communication link provides a specified level of link performance between each subscriber station and one of the base stations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
